and technical school,
sarnia, ontario

Administration

RIGHT: Mr. D. McCahill, principal and Mr. D. Cook, vice-principal.
BELOW: Grade 13 teachers: standing Mr. Bakker, Mr. McLellan, Mr. Irvine, Miss Mitchell, Mr. Davidson, Mr. McCord, Mr. Downie, and Mr. Arthurs. Seated: Mr. Burrowes, Mr. Robinson, and Mr. Hamilton.

Valedictory Address

by Sharon Hardy

Mr. McCahill, staff, parents, guests, friends, and fellow graduates, it seems difficult to believe that we are all here as a group together for what may possibly be the last time. It feels like yesterday that we first entered these halls. Then how we wanted the next five years to hurry by and now it seems rather sad to be looking back on them as memories. But- tonight is a special night. It is a time when we recognize the achievements of many of our friends and of ourselves. And- although it may seem disheartening to see old friends go their separate ways and to see ourselves losing an old sense of security, we must also realize that in the true meaning of the word, commencement is the time for new beginnings.

For many of us, these new beginnings are taking shape at universities and colleges, while still others are experiencing life in the working world. But, no matter where we are presently or what our successes may be, I know we will all remember our days here at SCITS.

Each day in our lives has some type of significance and every experience somehow shapes our personalities. We all certainly have had some wonderful experiences here and I know they will in some way be cherished by all maybe not now, and maybe not in the immediate future, but for all of us, our days here were important as stepping stones on the road to adulthood, happiness, and success.

To quote an ancient Sanskrit poem:

Look to this day
for it is life
the very life of life.
In its brief course be all
the realities and truths of existence
the joy of growth
the splendour of action
The glory of power
For yesterday is but a memory
and tomorrow is only a vision
But today well lived
makes yesterday
a memory of happiness
and every tomorrow
a vision of hope.
Look well, therefore,
to this day.

continued

Our todays certainly are a source of happiness for us, and so were our yesterdays.

But we have many people to thank for our happy memories of yesterday. First, our parents. They have been a source of knowledge, comfort and support throughout our lives, and I know from my own experience that I need them more now than ever. It's important to know that you have people who love you in spite of the mistakes you may make, and now as we are experimenting with new life-roles as young adults, these people- our parents- are very necessary. Life is but one course of instruction. The hand of the parent writes on the heart of the child the first faint characters which time deepens into strength so that nothing can efface them.

I think we all owe our parents a prayer of thanks for seeing us through this life this far and for giving us the basic tools necessary for developing into the people we have become.

We also have many others to thank. All of us, I'm sure, have had a significant person influence our life. They may have been a Sunday-School teacher or a friend of the family, but most likely this person was a teacher at school. Each of us can recall some favourite teacher who, in some way, helped us shape our ideals and personalities.

Through our teachers we learned the important values of hard work, proper grammar, correct verb tenses, mathematical and chemical equations and this list could go on. But even more importantly, we learned such things as honesty, the need for laughter and fairness.

Our thanks must go out to the principals, the teachers and the counselling staff. For these people gave not only of their knowledge but of their time and of themselves.

Henry Adams said that "a teacher affects eternity; he can never tell where his influences stop." I think we can all agree with him on that point, for these people will always be remembered in some way by each of us.

Along with memories of old times, come the memories of friends. Here at SCITS, we all developed some very special friendships, ones that I hope will be able to endure the tests of time. It is the moments that we have shared as friends that we keep as souvenirs of our past. What would such events as the SCITS Revue, football games, proms, Christmas parties be without our sidekicks to share them with? The answer to this is nothing. For it is our relationship with these people that make life special.

Thus, our parents, teachers and friends are all a part of our "roots". These roots take firm hold in us and together they interact to leave a valuable and meaningful impression on us and also help us to grow and to strive for a meaningful life.

As we enter young adulthood, the stem of our new life undergoes a quick growth spurt. Through experience we gain the strength to mature and reach for success. According to Christopher Morley, "There is only one success - to be able to spend your life in your own way." As our goals are accomplished and we set new ones for ourselves, the stem thickens and a bloom begins to emerge. With care and love this bloom expands and our life flowers. Reach for success; it is attainable. Each one of

us has the capabilities to achieve. Strive for the ideal that is beyond reach and tone the muscles of your soul.

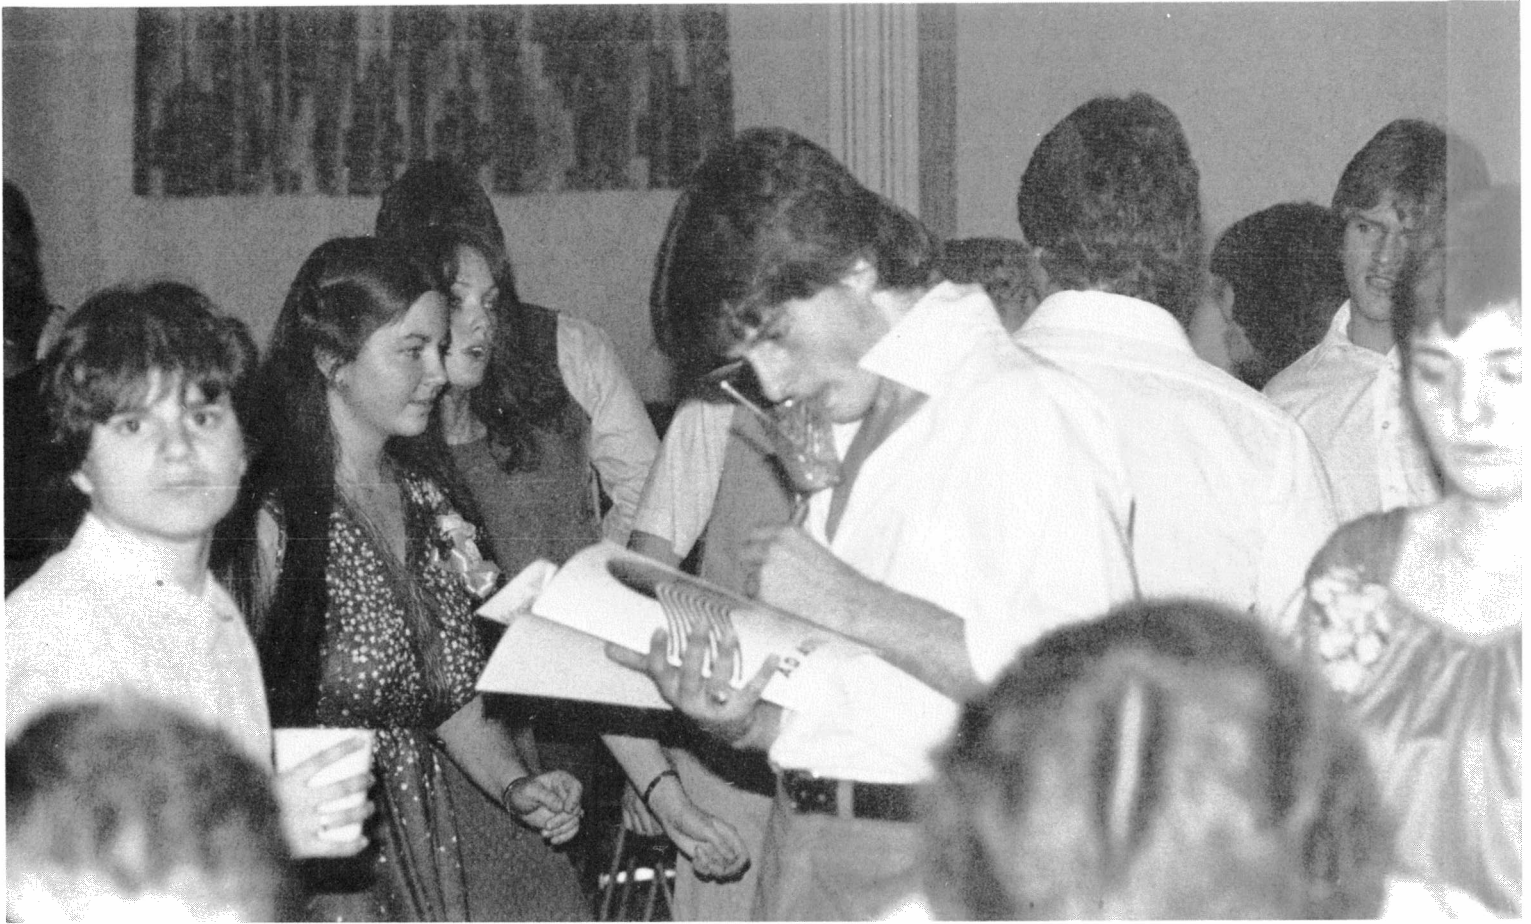

To each one of you, I wish success and happiness and as a closing note here is something to promise yourself:

Promise yourself to be so strong
that nothing can disturb your peace of mind.
To talk health, happiness and prosperity to all you meet.
To make all your friends feel that there is something in them.
To look on the sunny side of everything and
make your optimism come true.
To think only of the best, to work only for the best and
expect only the best.
To be just as enthusiastic about the success of others
as you are about your own.
To forget the mistakes of the past and press on to the
greater achievements of the future.
To wear a cheerful countenance at all times, and give
every living creature you meet a smile.
To give so much time to the improvement of yourself
that you have no time to criticize others.
To be too large for worry, too noble for anger, too strong
for fear and too happy for the presence of trouble.

In the true spirit of SCITS, "Reach for the stars" for they CAN be yours!

THANK YOU.

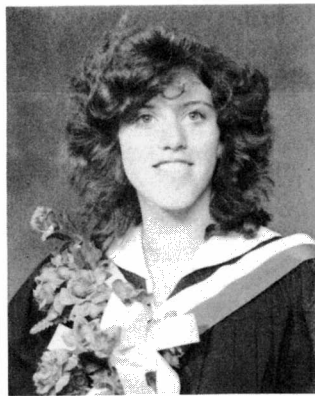

Senior Grads

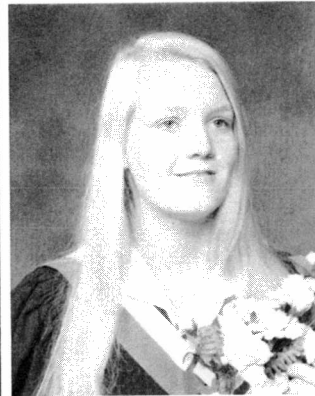

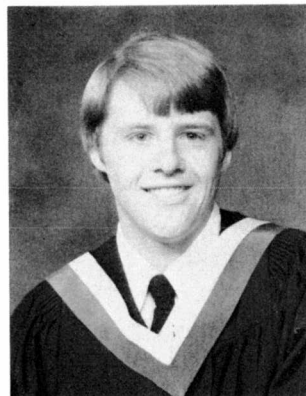

MARNIE ANDERSON

Marnie has been our loyal connection to the Junior Farmer organization for the past year. When not studying business at Ridgetown, Marnie will probably be attending Junior Farmer dances.

MELODY BAXTER

A retired baton twirler, Melody has "turned" her interest towards saving money this year by not spending it on hair dye. Melody hopes to study to become an X-ray technician next fall.

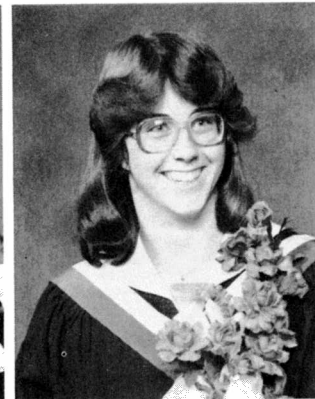

MATT ANDREW

Matt is the kind of guy who never gives up. He takes all the abuse that Mr. Downie can dish out and still comes back for more. Whatever Matt does in the future, we're sure he will succeed.

LEANNE BENI

Leanne is our resident blonde at SCI. She is also noted for her "Amazon like" qualities, which place her high above the rest of the crowd. Leanne plans on doing anything that will get her out of Sarnia!

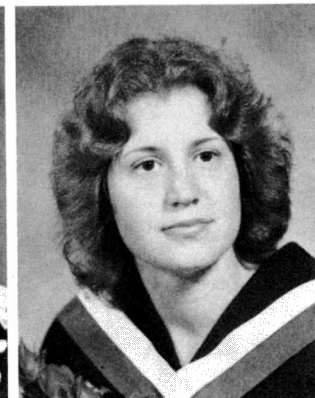

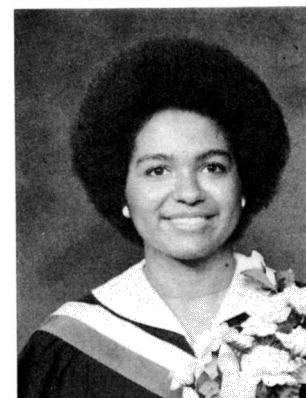

JULIE BALDOCK

Head of the infamous "Cheesie Chomper Gang" and also a dedicated member of the L.A. Birthday Club, Julie's main ambition is to finish this Grad Book. After a summer of camp counselling, Julie plans to study to be a teacher at King's College in the fall.

PENNY BRANDER

Penny, our "organ" expert, is also our star physics student. How many brownie marks do you have now, Penny? When not making up one of her award-winning excuses, Penny will be studying for many years at Guelph in order to become a veterinarian.

DARCY BALLANTYNE

Watch our Arnold Schwarzenegger! Those lunch-hour workouts have really paid off. Next to body building, Darcy really enjoys volunteer work! (ha! ha!) Headed for Bible College, Darcy hopes to someday become a teacher.

NANCY BRAZEAU

Just another of the infamous Florida beach burns. Nancy hopes to become the next Florence Nightingale as she pursues her career in nursing. If this plan goes stale, she can always return to the movie business...popping corn at the drive-in!!

CAROL BARR

Winner of this year's "Whoopie" award, Carol is known as SCI's walking jewellery store. When not suffering through calculus, Carol is faithfully studying her Can. Fam. Next year Carol hopes to attend Lambton College.

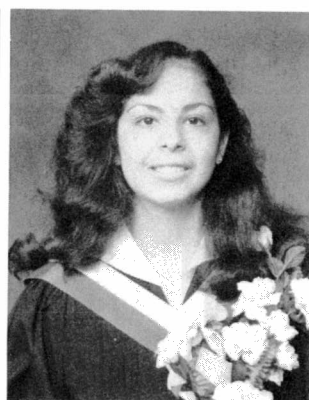

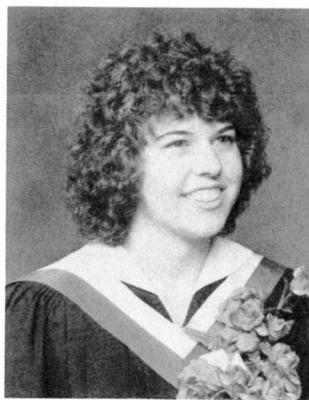

TAMMY BURROWES

Tammy's interests at SCI & TS have swayed from running to acting, but her first love has always been horses. Although Tammy was not the Orange Crusher dad wanted her to be, we're sure she'll be a success as Lambton County's only woman horse-shoer!

KELLY BUXTON

Let's have a toast to the pomegranates! How big were they Kelly? Kelly is now often seen with a certain tall, "DARK" and handsome man when not folding clothes at Sentry. Next year she intends to pursue a career in Nursing at Western.

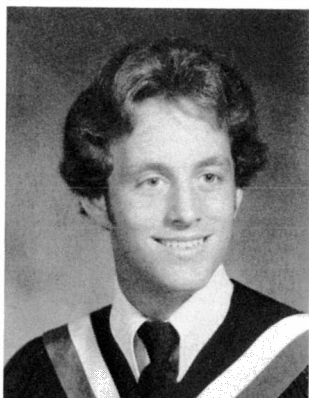

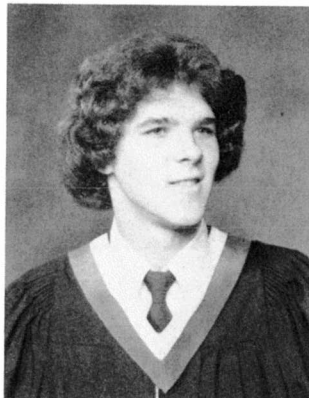

LIZ DEALMEIDA

Alias, Zita's shadow, Liz can usually be found holding people up at parties. (ha! ha!) When not laughing at people's stupid jokes, Liz pushes donuts at the International Bakery. She will most likely succeed in anything she chooses.

JEFF CAIN

"Cainer" has kept up the family tradition of being late ever since his brother dropped out this year. His favorite pastime is being stopped by the police and supporting the income of the force. Jeff plans to study business at Wilfrid Laurier in the fall.

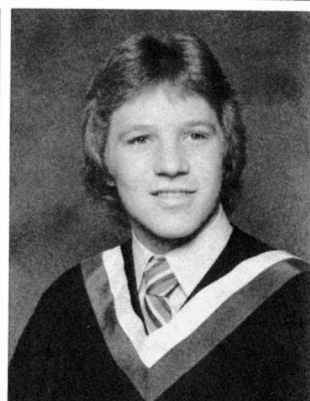

ROB DEROOY

"Dee" likes interior decorating. His favorite trick is to knock out walls and try to rebuild them before his parents come home. This year's "Macho Man" award winner, Rob plans to attend McMaster for engineering.

KAREN COLE

Karen, alias "Mooretown's Mermaid", kept everything running...I mean swimming, down at the Moore Sports Complex this year. Karen is also known for her ability to balance her glasses on her nose (since the arms are broken off) and her top-of-the-line calculator. She will be attending Waterloo in the fall.

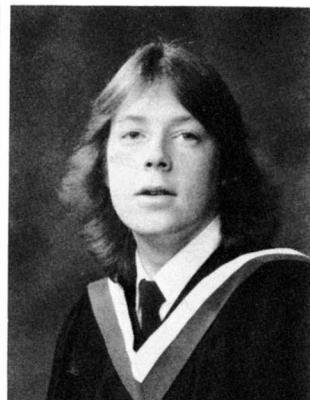

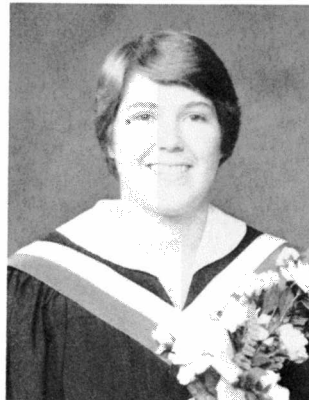

STEPHEN DESCHAMPS

This year, "Dino" has acquired two new hobbies; his car and Heather! When school is over, Steve works with all the "nuts" down at the Corunna Hardware. After graduation, Steve plans to attend Lambton College.

KELLY CRAIG

"Craiger" has been active in all school sports throughout her high school career. This year Kelly was also president of the GAA. So, it is only natural for her to have chosen a career for herself in Phys. Ed. at Brock. Hey Kelly - who turned out the lights, man?!!

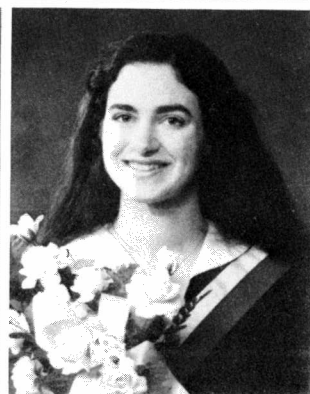

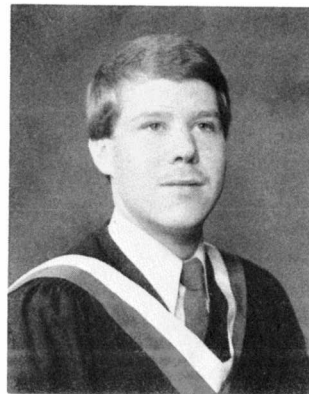

GARRY DROPE

Garry gave up putting in time at SCI in January to work on his cars. During his stay, Garry enjoyed infuriating Mr. Irvine and coming late to class. Thanks for the laughs in accounting, Garry.

DOUG DAVIDSON

We will all remember Doug as the life of the graduation party...too bad he won't! Doug is also a member of the militia which helps us all to sleep better at night knowing that he is defending our country.

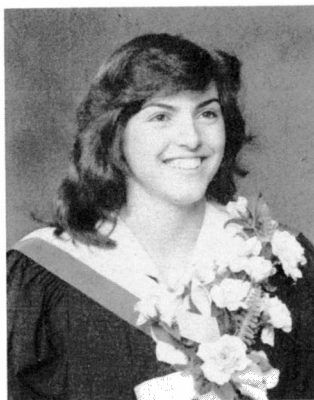

KAREN DUNCAN

"Punkin' Duncan", Karen is best known for her extraordinary color co-ordination. Those pretty green fingernails and her bright yellow shoes helped make the Southerner and the SCI band a "brilliant" success. Our award-winning editor, Karen hopes to study at Waterloo in the fall.

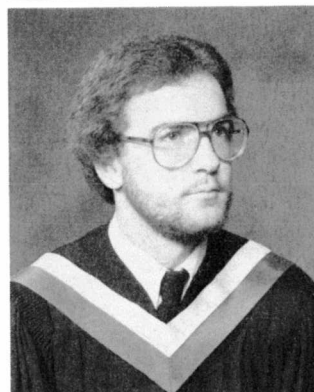

ZITA FERREIRA

One half of our "Portuguese Pair", Zita has established herself this year as a regular member of the "Arms Birthday Club!" One of our more enthusiastic calculus students, Zita plans on studying business in the future.

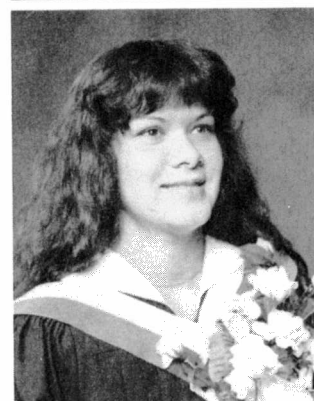

ROB FINDLATER

"Vince" had a tragic injury this year which ended a promising basketball career. He then decided to represent the man's point of view in Can. Fam. Rob will become a nurse's aid when Marian graduates and later go on to study Phys. Ed. at Brock.

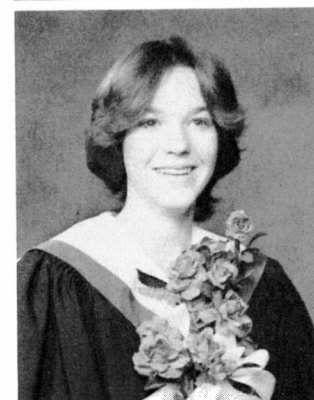

RAECINE FISHER

"Rae" has been our star, as well as our only, basketball player over 5'5". Painting backdrops for the Revue is a favorite pastime for Rae. Next year she plans to study Medical Lab. Tech. at Fanshawe.

GWEN FOLEY

Gwen is our faithful homework doer. Mr. Ditta's favorite student, Gwen usually finds time to help out with the Revue tech. crew every year. She even jumps into pools before she gets thrown in, in her spare time. Good luck next year, Gwen!

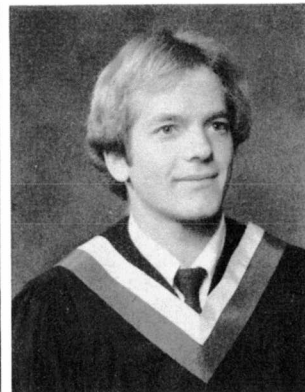

JULIA FORSYTHE

Councilman's daughter and president of the exclusive "B-Force Club", Julia can be found in Canatara searching for her goal in life...a rich Jew! In the fall, Julia plans to attend art school. Good luck Picasso !!!

LORI GIFFEN

Lori is the only girl who managed to stay married throughout high school. Planning all of those Cedar Point bus trips, Lori has chosen for herself a career in tourism. Look out Love Boat!

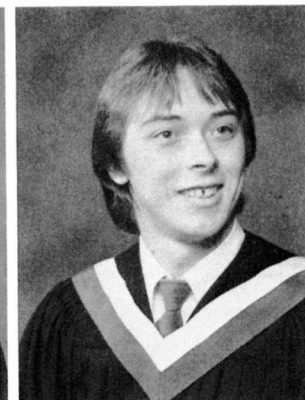

MITCH GLASS

Mitch has developed into a straight "A" student. He loves Acting, Athletics and Alcohol. When he isn't studying on the weekend, Mitch indulges in collecting anything that isn't bolted to the ground and eating rugby fields. Next year he will attend Waterloo to begin a career in engineering.

DARLENE GUDRIE

Darlene's soft-spoken manner (ha! ha!) has made her well known...and heard around SCI. A personal favorite of Mr. Robinson's functions class, Dar spends her spare time furthering her career in baby shoe modelling. Dar plans to attend U of T in the fall.

WES HICKS

Wes enjoys impersonating "Vinny Barbarino" with his famous lines, "Who?", "What?", "Where?". We believe that his changing hair styles have something to do with his electrical abilities. In the fall, Wes plans to attend Western. P.S. Thanks for signing us in!

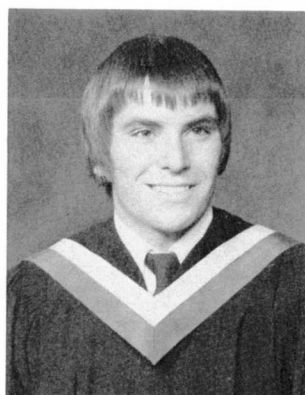

KAREN HILLIER

Karen has quickly risen to super stardom this year with her hit single from the Revue. Her sarcastic humor in calculus does not earn her any Downie-brownie points though. A spirited and involved student, she plans to attend Laurier in the fall to study business.

LISA HILLMAN

A recent Northern transfer, Lisa decided to come to SCI for a challenge. Her speaking ability has made her a favorite of Mr. Arthurs, especially during seminars. Lisa plans to enter the broadcasting world next year. Beware Howard Cosell!

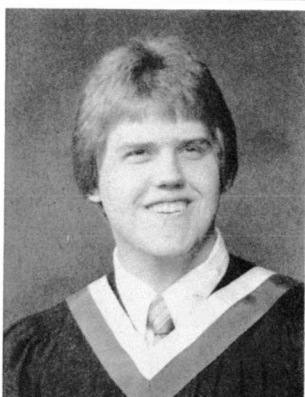

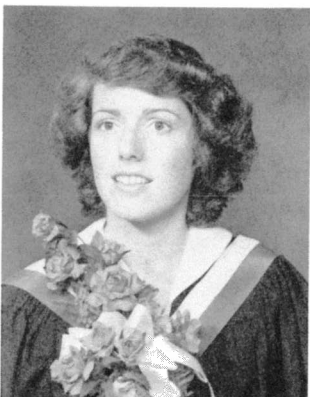

PAT LEA

"Patso" is known for his curly hair and trying to keep Kelly out of trouble. He has played football for the school and also plays for the Petrolia Jets and the Point Edward Pacers. He really gets around doesn't he? Pat plans to pursue the athletic field at Brock in the fall.

LAURIE JARDINE

Laurie is our camera-happy seamstress headed for Seneca to take Fashion Design next year. Look out for Jardini Jeans! If you could only pour your drinks as neatly as you sew your clothes!

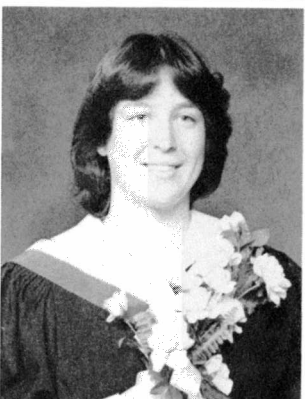

JEFF McAULEY

Jeff is well known as the "big" man behind the spotlight. During his years at Scits, Jeff has made a "bright" contribution to the Drama Department. Next year Jeff plans to study engineering at Waterloo.

SUZANNE KILBY

"Suzy Sweatsuit" is one of our many "outstanding" Corunna Bums. A member of SCI's "fantastic" badminton team, Sue will best be remembered for stealing Revue '82 with her one-liners. Next year she plans to attend Waterloo to study kinesiology.

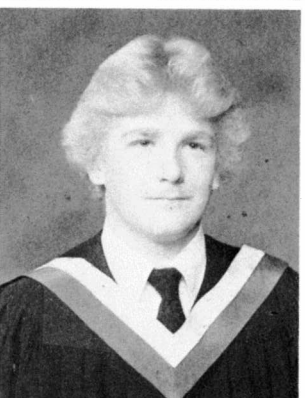

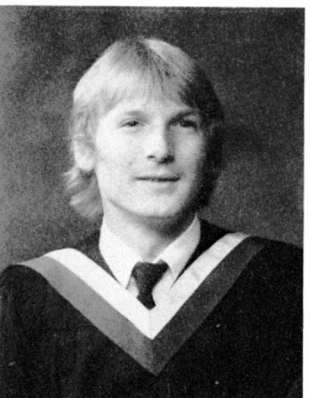

JULIE McLAUGHLIN

Bubbly Julie is well known for her photogenic qualities. Sleeping through Calculus and serving drinks at JB's are favorite time fillers for Julie. She has finally decided on a career in nursing at Conestoga. Good luck in your search for a rich doctor!

ROB KINGSTON

Many people who will remember Rob as the "jerk who wore his tie around his head" in last year's Grad Book. Rob spends most of his time working on his car and denying that he looks like his sister. Rob hopes to graduate.

TERRY McWATTERS

When Terry bought his Toyota this year, he found that it needed a little more work than he expected. Unfortunately for us, he had to give up his position as centre for the basketball team to work on it. Terry plans to attend Lakehead U. to study forestry.

APRIL KOLISNEK

April's ballet classes always seem to be interfering with her high school attendance. She always seems to miss her tests! But there are consolations. She did manage to be here to win the Posture Queen of '81, and next year she will most likely be "tip-toeing" her way towards a nursing career.

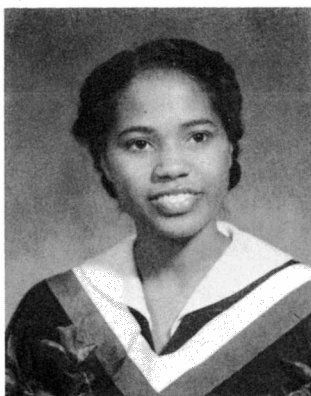

KIM ODORIZZI

Alias "Boom Boom Odorizzi", Kim is a well known figure around SCI. Kim's musical talents range from writing songs to entertaining with her organ. Kim plans to help side-kick Bonnie, spill drinks for the summer and then attend college...somewhere!

KATHLEEN PHILLIPS

It's sometimes hard to predict what Kathleen is going to say next, or trying to understand her. Kathleen's rise from shyness has brightened many a cloudy day. Good luck next year!

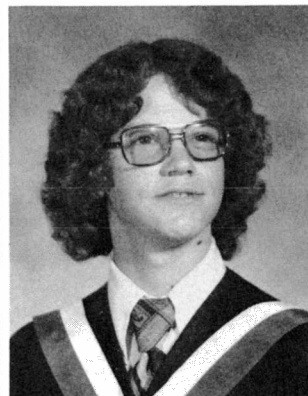

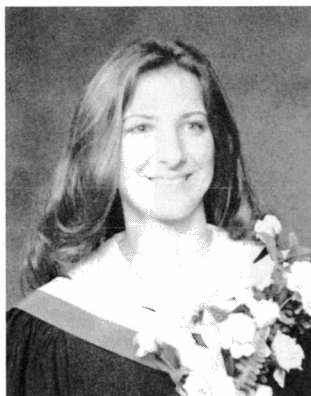

JOANNA ROBERTSON

No relation to Donna, Joanna can often be seen cruising Canatara in her brown Dart with the radio blaring, "MAKE A MOVE ON ME!" Joanna, unable to part with the park, will attend Lambton in the fall.

PATTI PRETTY

Wherever Patti goes, she manages to leave a trail of men and a flock of seagulls behind. When not "DEW"ing her homework, Patti is usually seen serving up cocktails at JB's. Next year Patti hopes to study kinesiology at Waterloo.

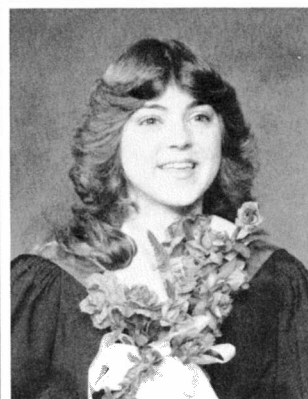

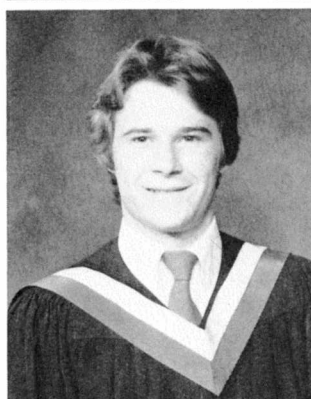

TIM SHANKS

Tim can often be seen rolling his amp through the halls or leading his groupies to Mr. Burrowes room at lunchtime. Tim is a lifetime member of the band and plans to go to college next year.

DAVE RAND

Dave is quite inventive; at the prom he made the world's first pair of air conditioned pants. Dave is from Point Edward and his marks and attendance prove it. Dave enjoys playing hockey for the Jets and telling everyone what he saw at Spangles during lunch.

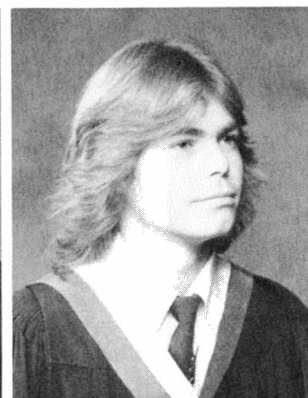

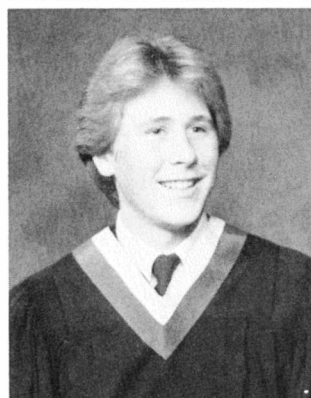

BONNIE SILLS

One of our early graduates, Bonnie gave up her high school career to head up the "I Love Mick Jagger Club", and in her spare time work at the Mooretown Golf Club...spilling drinks!

MIKE RILEY

Mike would be a perfect boss because he always believes in taking the afternoon off. Mike can usually be found on his way to Canatara with a carload of people. When not at the park, he can be seen saving lives at the Mooretown pool.

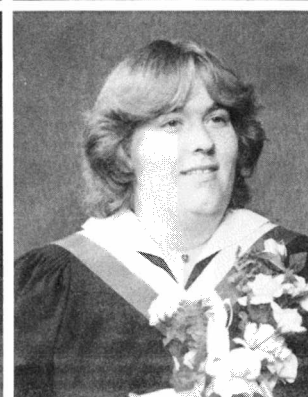

PAUL SMITH

"Smitty" plans to be a rock star. He hopes he will become so rich that Mr. McCahill will let him eat chips anywhere he wants. Paul likes to relax at nice quiet places like the Courtright Hotel and the Hard Oil Inn.

DONNA ROBERTSON

Donna, alias "Rudolph the red-nosed Beachbum", always seems to have a bright, cheery smile on her face. Maybe that's why she has chosen a career in dental hygiene at Seneca this fall. By the way, what do you call a bommerang that won't come back?

STEPHANIE SMYTHE

Our faithful bookclub orderer, Steph can either be seen working on the Southerner or trying to sell them. A dedicated member of the SCI Symphonic Band, Stephanie plans to study biology at Guelph next fall.

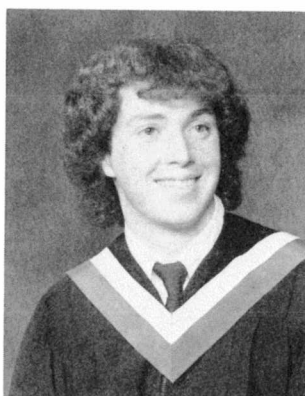

WENDY SOPEL

Wendy's quiet personality is a nice change in most grade 13 classes. Her ability to keep such a low profile has everybody wondering what she does on weekends. A member of the Scits Band, Wendy will succeed in anything she chooses.

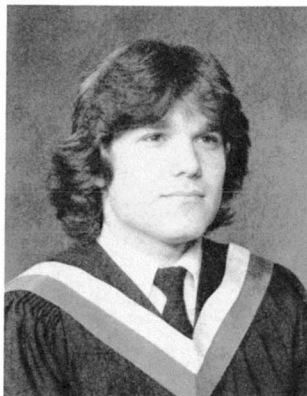

GEORGE WHITESIDE

George is the type of guy everyone likes to talk to, especially during a math test. The only problem is trying to understand what he mumbles back at you! Next year he plans to give up soccer stardom to take on the computer world at Waterloo.

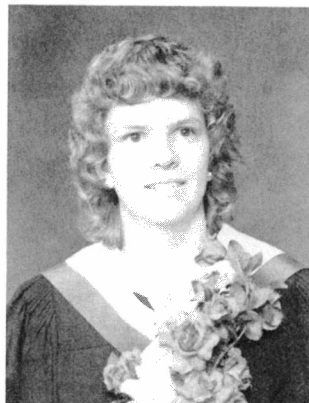

MARK SOWERBUTTS

Mark insists on wearing a jacket around the school no matter how hot it is. He enjoys talking about the electronics involved with his stereo so that no one knows if he's really telling the truth or not. Good luck next year, Mark!

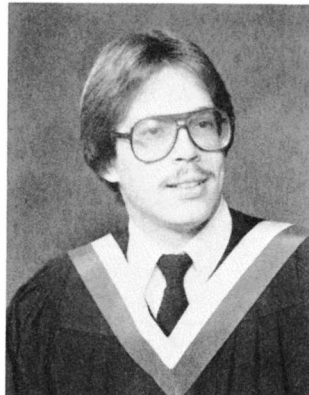

TRACY STANTON

Mark's favorite flower, someday Tracy hopes to run her own "Kay's Flower Franchise". She will most likely be coming up roses from now on as she holds down the old fort in Corunna.

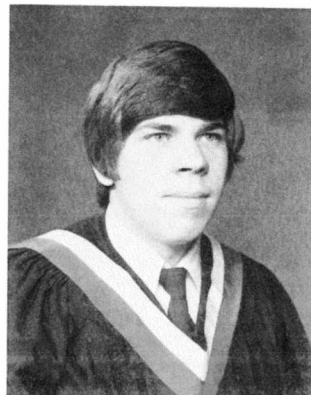

MARK TAYLOR

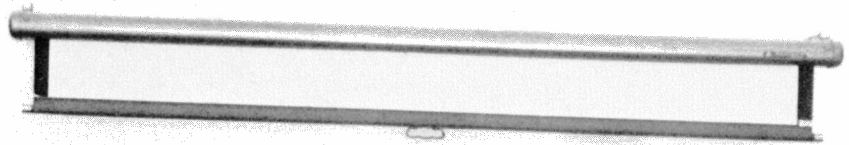

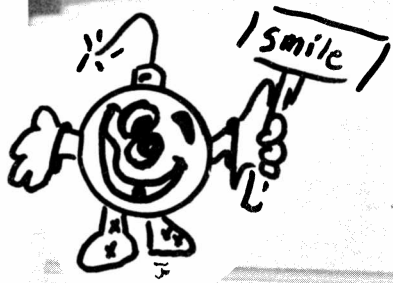

Mark "The Wonder Dog" believes in regular attendance. His biggest problem is that he regularly attends non-school activities. Mark plans to retire on the beer bottles he collected from his party or attend Western for business in the fall.

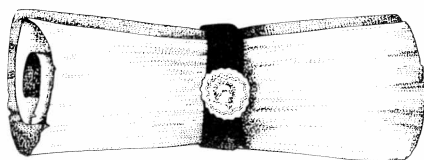

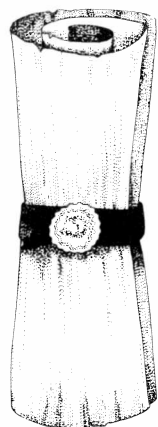

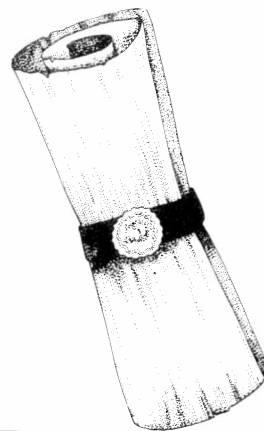

TIM WARD

Tim is a free-wheeling (he has his own car), fun-loving sort of guy. Tim works as a maintenance man at Sears in order to make his insurance payments. In the fall, Tim plans to attend Ryerson for engineering.
